

Go West Summit Buddy Program 2014

Go West Summit is the premier business-oriented travel tradeshow selling the American West. We bring together the world's top tour operators with specialty suppliers who offer year-round products of the Western United States. And that is where you come in...

What is Go West Summits' Buddy Program?

The Buddy Program was designed to match Tour Operators/Suppliers who have attended the Summit in the past to act as mentors to Tour Operators/Suppliers new to Go West Summit.

What does the program entail?

Go West will match new Summit attendees with experienced attendees. We recommend new attendees connect with their mentors prior to the Summit to discuss the Summit, ask any questions and to gain a friend during the program and years to follow.

What is my responsibility as a Mentor?

If you have attended the Summit before you know what the setup is, what the meetings look and feel like and the best way to utilize the Summit for business and networking. This program is designed to match you up with someone new to the Summit and answer all the questions you had going into your first summit.

What is my role as a Mentee?

Wouldn't it be nice to have answers to your questions before walking into a conference or convention? This is the program that will get you connected with an attendee who participated in Go West before. Ask questions, include comments and get the most out of the Go West experience!

Thank you for participating in the Buddy Program! Your contributions will help make this a great experience for everyone!
